

MAJORITY OF CITIZENS FAVOR BOND ISSUE PLAN

Mass Meeting Overwhelmingly Votes to Complete Roads by Old Method Rather Than Pay-As-You-Go Plan.

An enthusiastic road mass-meeting was held at the Court House last Monday for the purpose of devising ways and means for completing the roads already commenced—close up gaps—building other new roads needed, and maintaining the roads hereafter built.

How to raise the necessary money—by increasing the road levy or by bond issues in the different districts, was the main question before the meeting. The sentiment of the meeting seemed to be decidedly in favor of bond issues.

In a separate meeting of representatives of Jeffersonville district, a vote taken showed that 35 were in favor of a bond issue and only 4 votes for increasing the road levy.

Clear Fork resolved upon a bond issue sufficient to complete the roads laid out or called for in the original bond issue, and a maximum levy of 30 cents for maintenance.

The Maiden Spring representatives wanted nothing more. The remainder of their bond issue money and the regular levy they say, will enable them to complete their roads with the convict labor, and maintain them. They failed to point out how the four or five miles of mud roads beyond Copenhaver's to the Russell county line will be completed. It is said that a reconsideration of the action of the representatives of the Cove people in the meeting here, will likely be had and a vote taken on the issuing of bonds for completing this stretch of much needed road, which is the only mud hole not provided for in the Bluefield-Hiote highway.

The amount of the proposed bond issue for Jeffersonville district will be considerably over \$100,000, and a like amount will be proposed for the Clear Fork district.

It is proposed to have the present Tazewell county road law amended which will enable the people of the county to spend the money for roads regardless of the highway commission.

Committees Appointed.

Committees were appointed to arrange for carrying the work forward, as follows: To select and decide where the money raised should be spent, get estimates, etc., of cost: Jeffersonville district—A. St. Clair, D. W. Lynch, K. D. R. Harman, Joe Riley, C. P. Harman, A. R. Beavers, W. C. Cull, Dan Thompson.

Clear Fork—Dr. L. J. Stump, R. S. Mustard, A. St. Clair, E. K. Crockett, McTeer Saunders, T. L. Shuffelbarger, B. P. Butt, Geo. A. Martin, and E. V. Garrett, with C. J. Moss as chairman and G. A. Martin secretary.

Road Law Amendments. Messrs. T. C. Bowen, R. O. Crockett, and A. S. Higginbotham, with the Commonwealth's Attorney, were appointed to draft an amendment to the Tazewell road law, to be presented to the legislature now in session providing for increasing the county levy, and otherwise amending the road law of the county, so as to put the entire management of the roads, etc., in the hands and under the supervision of local authorities.

Four citizens from each district were added to this committee.

Clear Fork District—H. S. Bowen, E. K. Crockett, F. M. Moss, C. S. Minter.

Jeffersonville—D. B. Daniels, J. D. Peery, A. St. Clair, and K. D. R. Harman.

Maiden Spring—W. L. C. Burke, M. F. Brown, S. J. Thompson and J. G. Barnes.

Bond Issue Petitions.

The following were appointed to circulate petitions for a bond issue: J. S. Brown, Pocahontas; S. P. Mustard, Abbin Valley; J. H. Wagner, of Bluestone; J. D. Billips, Tip Top; T. L. Shuffelbarger, Cove Creek; Frank Cox, Gratton; Ham Stowers, Burke's Garden; R. B. Williamson, Graham; I. H. Harry, Falls Mills with C. J. Moss as chairman and G. A. Martin secretary.

A general mass-meeting will be held here on Saturday, the 22nd, to hear the reports from these several committees.

Supervisor D. B. Daniels was the chairman and W. C. O'Brien, secretary of this meeting.

Road Committee Meeting Tomorrow.

The Jeffersonville district road committee, appointed last Monday, will meet here tomorrow, (Saturday), to prepare a report to be made at a general meeting to be held Saturday, the 22nd, namely:

D. W. Lynch, A. St. Clair, A. R. Beavers, K. D. R. Harman, W. T. Cull, Joe Riley, Dan Thompson, and C. P. Harman. A full meeting of the committee is urged.

Resolutions by W. C. T. U.

On January 3rd, 1916, it pleased our Heavenly Father to remove from earthly suffering to Heaven our beloved friend and member, Mrs. George Buxton.

A noble character laid down the activities of this life for rest and joys of the better life beyond. It is because of our appreciation of her past usefulness among us that we, the members of the Woman's Christian Temperance Union, wish to express our sympathy and love.

1. That we bow in humble submission to His will, who doeth all things well.

2. That we thank God for her beautiful Christian character, which has been an example and inspiration to us all.

3. That we feel that we have been called to give up one of our most earnest members; we miss her works and kindly fellowship, but most of all we miss her prayers, even when sickness prevented her attending the Union, we knew that she was praying for the temperance work and was with us in spirit.

4. That a copy of these resolutions be sent to the family and placed on the minutes of our Union.

W. C. T. U.

Notes of Pounding Mill.

Mr. and Mrs. Alex Beavers, of Witten Mills, spent Sunday with Mrs. Beavers brother, J. T. Altizer and family.

Mr. Joseph Smith is visiting relatives and friends in Richlands today.

Mrs. Page, of Richlands, and son, C. Johnson, of Nebraska, visited Mrs. W. B. Steele and Mrs. Joseph Smith recently. These excellent people will return to Nebraska in a short time.

Miss Ethel Williamson returned last week from Driver, Va., and has resumed her duties as teacher of the primary grades in the school here.

Mr. William Witt, of Paint Lick, was here yesterday.

Miss Ada Pruett, a Richlands High school pupil, was here on Saturday looking after her uncle, J. T. Altizer, at his store and postoffice.

Rev. Nannie B. Osterme, of Princeton, W. Va., was visiting her sister, Mrs. H. W. Christian here today.

Mr. Frank Hurt, one of Witten Mills most popular salesmen, was here the first of the week interviewing the merchants.

Mrs. George Thomas is quite ill, confined to her bed, from a fall on Monday. Her health has been very poor for some time.

C. M. Hunter reports his wife as getting on nicely in the Richlands hospital and hopes she will be able to return home by the last of the week.

Mrs. Ward has moved into the L. W. Ringstaff property near the station. Her son who has had rheumatism is able to walk about some.

Misses Jessie and Mary B. Gillespie of Tazewell High School, spent the week end with parents, Mr. and Mrs. R. K. Gillespie.

GENUINE ECONOMY.

You Can Practice This Noble Art by Going to M. J. Hankins' Store.

Inferior goods are never cheap. No matter what they cost they are expensive, because they are bound to be unserviceable. This applies to merchandise of every sort.

On the other hand, good merchandise is never expensive if sold at a reasonable price. It is bound to give full satisfaction and value for every penny of cost.

We never sell any merchandise that is not up to the highest standard in quality. For ten days our prices are considerably reduced, and mean genuine economy to every purchaser.

See our big ad. elsewhere in this paper.

M. J. HANKINS,
"The Store That Satisfies."

A Tribute.

Whereas, Mrs. George Buxton passed out of this earthly life January 4, 1916, therefore be it resolved:

1. That the Woman's Missionary Society of the Methodist church, of Tazewell, Virginia, feels the loss of a member who has been faithful to its best interests since the day of its organization, and who was always a leader in every good work.

2. That to her beloved church she was indeed a "Mother in Israel," wisely instructing its youth, loyal in her sympathy and support and faithful in her attendance upon all Christian ordinances.

3. That to our selves and to all Christian women, we commend her habit of so ordering the ways of her household that there was time to give to her Master's service.

4. That to this community her character was a "city set upon a hill," whose perfections now shine with an added beauty in the light of heaven's opened gates.

5. That while we realize keenly our loss, yet we rejoice that dear Mrs. Buxton has entered upon so rich an inheritance, and pray that God's spirit may prepare some younger woman to bear her mantle worthily.

6. That we offer our sympathy and love to the bereaved family, with the hope that the comforter may be their constant companion.

7. That these resolutions be published in our county papers, and also spread upon the records of our Woman's Missionary Society.

Mrs. A. S. Higginbotham, Mrs. C. W. Grever, Mrs. S. P. Harrison.

Reception by Daughters of the Confederacy.

The Daughters urge the public to come to this reception January 21st, at 7:30 o'clock in the ladies room. There will be music and something appropriate given in honor of Stonewall Jackson's birthday, the proceeds to go towards the expenses of our organization.

Admission, 25c for adults, 10c for children.

If you can't come, send a donation—a liberal one. We need your patronage to help carry on our good work we are doing, some idea of which you may gather from the following statement:

BABY BEEF CLUB URGED FOR TAZEWELL COUNTY

State Live Stock Specialist Recommends Organization of Society Here—Rules and Regulations and Premiums.

Prof. J. R. Hutchins, state live stock specialist, has asked the farm demonstration agents of each of the Southwest Virginia counties to organize a Baby Beef Club. Each member of the club is to show his calf at the County Fair. The best calves from each of the counties in Southwest Virginia will then be taken to the Roanoke Fair. The Roanoke Fair has offered \$125 in premiums for this contest.

The following rules will govern the Baby Beef Club:

1. All boys or girls between the ages of 8 and 21 years may be members.
2. Spring calves, either heifers or steers, born in March, April or May, 1916, will be used in the contest.
3. The calf must be weighed at the beginning and ending of the contest by the county demonstration agent.
4. A daily record must be kept of the kind and amount of feed used.
5. Where members have no scales to weigh feed, they will use some measure agreed upon by the county agent.
6. The contest will begin officially on February 1st, 1916, and will end at the time next fall agreed upon by the State Live Stock Specialist.
7. Prizes will be awarded for:
 - (1) The greatest gain made by a calf.
 - (2) The cheapest gain made by a calf.
 - (3) The best calf from butcher's standpoint.
 - (4) The best kept record and written account of raising the calf.

Here is a chance for the boys and girls of Tazewell county to show the other counties what good bluegrass will do.

JAMES L. MONTAGUE,
County Agricultural Agent.

Pruning Fruit-Trees.

The time for pruning fruit trees is almost here. February and March are the months in which this work is usually done. Pruning is an art, and can only be accomplished by practice. However, a few simple rules should be followed:

Remove all dead limbs, and cross branches. Remove water sprouts, except where it is necessary to retain old growth with new. Top back high trees; the day of mule tail pruning is past. Never leave a stub of a limb, as this will not heal over, and rotten stubs cause decayed trees. The proper time to begin training a tree, is when it is young. Three to five branches are sufficient to form a head on a young tree. If possible, one should visit an orchard that is properly pruned before attempting this kind of work. An orchard specialist will give a pruning demonstration in Tazewell some time in February. Every one having an orchard, should try to be present. Announcement of the date will be made later.

JAMES L. MONTAGUE,
County Agricultural Agent.

Raise Standard of Stock Will Help Tazewell County.

Blacksburg, Va., Jan. 11.
Editor the News:—I am glad to see from your paper that our county agricultural agent has started one of the best associations that can be had in the county to raise the standard of the stock of the county, and especially the cattle.

We have good cattle in our county but they are far below the standard in general, and it is an outrage for such a progressive and prosperous cattle county as Tazewell to let their cattle degenerate, instead of trying to improve them each year.

By the county association you can secure one breed of beef cattle, and by purchasing pure-bred sires can in the course of a few years have a uniform type of beef cattle, which will demand a much better price.

If you do not desire to practice inbreeding, the Association aids in moving a sire of high breeding qualities into the community and there using him. In this way you are able to keep in the county the sires which you have proven to be of high breeding qualities by handing down their good characteristics to their offsprings.

By the use of pure-bred sires on the grade females you may be careful selection of the first generation (only females), raise the standard of which will be one-half purebred. Where you have a sire of very high breeding qualities you may use him to breed the females of the first generation, where you wish to improve his qualities. This is known as inbreeding and should be handled very carefully. In this way, the second generation will possess three-fourths pure-bred and in this way you will soon have a class of animals uniform in type and qualities.

The three essential points in improving of farm animals are: Heredity, selection, and environment. Heredity is the tendency of the offspring to resemble the parent. By selection we are able as far as possible to select and breed only those which have desirable characteristics, and at all times disregarding those which do not come up to our standard. The environment consists largely of food, shelter and care, including training and developing. To obtain greatest advancement the animal must be well fed at all times, but more especially while young, since the individual retarded at this age will never reach that degree of perfection, which it otherwise would have been properly nourished during the days in which growth was possible.

I wish you great success in your association.

Yours very truly,
G. S. GILDERSLEEVE, JR.

Judge Kelly for Supreme Bench.

Bristol, Jan. 8.—Judge Joseph L. Kelly, of Bristol, now a member of the Virginia Supreme Court, was today strongly endorsed by the Bristol bar to succeed the late Justice Lamar as a member of the United States supreme court. Judge Kelly, it is understood, will be made Virginia's candidate. He is forty-eight years old, and his record as a lawyer and jurist entitles him to the highest consideration.

It is expected that the lawyers and jurist of every city and town in Virginia will join in presenting his name to the president. A special committee of Bristol lawyers was named today to present Judge Kelly's name, and this committee will invite delegations from all counties in the State to join in urging the appointment of Judge Kelly.

Those who know Judge Kelly, as he is known here, are confident that he would make an enviable record in the high position for which he has been suggested.

Brownie Watts Has Gone.

Brownie Watts, the fast filly of Mr. Fred R. Steele, of Tazewell, was sold last week to Mr. A. S. Rodney, of Jersey City, for the sum of \$3,000. Representatives of Mr. Rodney were in the city yesterday to close up the trade and take the filly to Mr. Rodney's home in New Jersey. This is the largest price ever received for a horse in Tazewell county, if not the State. Notwithstanding the fact that Mr. Steele is a \$3,000 better off this week than he was last, the parting with this fine young mare, just two years old, was almost like parting with some member of his family. Mr. Steele is receiving the congratulations of his friends.

GOVERNOR RECOMMENDS PROHIBITION LEGISLATION

Favors Strengthening Central Executive Power of the State If Will of the People is to Be Made Effective.

Richmond, Jan. 12.—Rigid enforcement of the prohibition laws, which are to be written into Virginia's statute books at this session, following the overwhelming approval of that policy by the people at the polls, a request that the hands of the government be strengthened in order to enforce prohibition, and a discussion of taxation, featured the message of Governor Henry C. Stuart to the general assembly, which convened in biennial session at noon today. In point-out the difficulties presented by the enforcement of state-wide prohibition Governor Stuart said:

"To assume that the local officers can and will, in all cases, perform their duties in this respect, is to shut our eyes to the experience of all other States where prohibition laws have been enacted. General disregard of law, lack of respect for public officials is an evil as great as intemperance itself, and if we increase the former evil without decreasing the latter prohibition will prove a calamity and not a blessing. I, therefore, call your attention to the fact that the strengthening of the central executive power of the State is absolutely essential to the proposed enforcement of prohibition."

Discussing the new tax system, the Governor said:

"Shall the people of the State be cheated out of their long delayed advantage by the hue and cry raised by interested parties against the methods necessary to raise and maintain substantial resources?"

It is essential, he said, that means of discovering undeclared intangible property will be maintained and strengthened.

ONE OF OLDEST CITIZENS IS CLAIMED BY DEATH

Robert Witten, Age 74, Died At His Home West of Town on Wednesday Morning—Funeral and Burial Yesterday

Another of Tazewell's oldest and best known citizens has passed away. Mr. Robert B. Witten. He died at his home west of town on Wednesday morning at 5 o'clock, aged 76 years. The burial took place on yesterday in the family burial ground near his home. The funeral service was conducted by Rev. Mr. Campbell, pastor of the Baptist church, of which deceased was a member.

Mr. Witten was twice married. The first wife was Miss Catharine Custer, who enjoyed the distinction of being closely related to General Geo. A. Custar, famous Indian fighter of pioneer days. Mr. George Custis and Mr. Silas Custis, brothers to Mrs. Witten and one sister, Mrs. East, of Abingdon, Va., are the only survivors of the Custis family.

By this marriage there were nine children, namely Mrs. Rachel Whitley, Mrs. Pauline Graham, Mrs. Jennie Porter, Mr. J. W. M. Witten, Dr. J. W. Witten, Hon. E. H. Witten, a member of the House of Delegates; Mrs. Rose Charles, Mrs. Kate Watkins, and Robert, deceased.

The second wife, who was Miss Jennie Whitaker, of Smyth county, and six children, survive. The children are: Alexander, Andrew, Sidney, Cecil, Theodore, and Mrs. Nannie McGuire.

Decensed was a son of the late Col. Wilk Witten, and grandson of the famous pioneer Indian fighter and hunter, James Witten, frequently mentioned in Bickley's history, whose remains are buried in the old cemetery on Plum Creek.

Of deceased family, there remains, Mr. John H. Witten, brother; Mrs. Jas. S. Peery, Mrs. Pauline Kelly, and Mrs. Lou Hicks, sisters of a large family of 13 children.

Mr. Robert Witten was a man of undoubted integrity and great strength of character. He did his own thinking, and was a clear-headed, sensible and calm taking man. At his home he was the seat of hospitality and kept open house and a cordial welcome to all who per chance, by invitation or otherwise, came his way. He leaves a good record. His children rise up to bless and honor his memory.

The pall-bearers were: A. J. Higginbotham, O. E. Hopkins, S. T. Witten, H. S. Surface, H. P. Brittain, C. P. Harman.

A simple burial service was read at the grave, prayer was offered and the remains of Robert Witten were laid to rest beneath the sod of his native valley, and his grave covered with many beautiful floral tributes.

A Card of Thanks.

We desire to express our thanks to those who were so kind to us, and so liberal in extending their helping hand in our recent bereavement, occasioned by the unexpected death of the husband of Mrs. Margaret Hagar, which has made her home dark and dreary.
